**Keep your One Way Book and Basic Objectives!!!  
We'll add them to your new band binder.**

**Avoid using Amazon** (especially third-party sellers).

Your best bet is to use an online percussion retailer such as Steve Weiss Music.

They have the largest selection of percussion instruments, implements, and accessories.

Stores like Brook Mays, Music & Arts, and Williamsons Music 1st will be able to order most, if not all, items.

Most storefronts will *not* stock everything. **Order online and order early.** You can check other online retailers but do back-order when necessary (you'll be higher on the list when the shipment finally arrives).
